My Relationship With Money

From Childhood → College

When I Was a Kid

Money looked exciting.

My First Mistake

I took money from Mom's purse.

And I Got Caught!

Caught!

CAUGHT!

Mom found out.

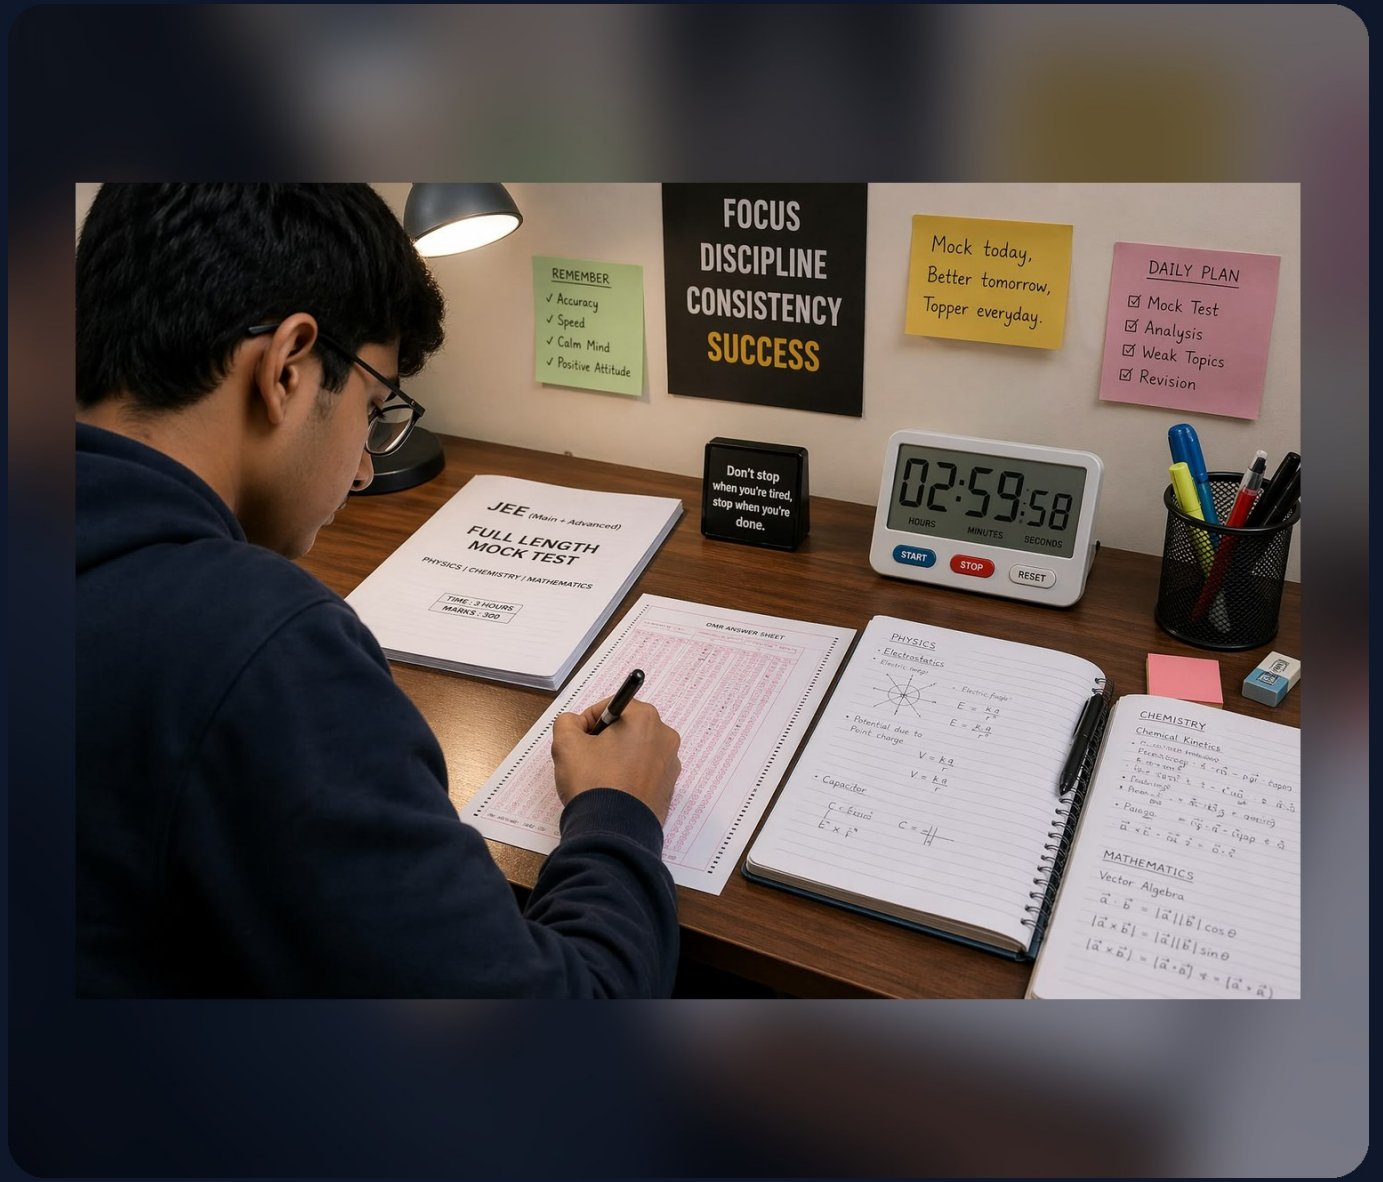

My First Lesson

Money has value.

Then Came JEE Preparation

JEE changed my life.

Limited Pocket Money

Little money. Lots of needs.

I Wanted Everything!

I wanted to buy so many things.

I Had to Choose

Need or Want?

Small Expenses Matter

₹50 + ₹50 + ₹50...

Now I'm 18

College = More Freedom

My Thinking Has Changed

Think Before Spending

My Money Philosophy

Money is a tool, not the goal.
